Instructions for Department of the Army Form 759-1 (*rated officer*)

<i>Item</i>	<i>Instructions</i>
Block 1	Enter the chronological sheet number.
Block 2 through 4	Enter the appropriate information from blocks 1 through 3 of DA Form 759-2.
Block 5	Enter the aircraft mission, type, design, and series or flight simulator and, if applicable, the seat designation. Separate DA Forms 759-1 are required when tracking seat qualifications/ hours.
Blocks 6 through 12, columns a through j	From the corresponding consolidated DA Form 759-2, total the hours for all like entries according to flying duty and flight condition symbols. Enter the totals, in hours and tenths of hours, on the appropriate line in the correct column.
Column k	Total the hours across lines 6 through 12 for each flight condition. Enter the totals in hours and tenths of hours in the corresponding lines of column k . Add hours in column k downward and place this total in the block on line 13, column k .
Column l	Enter the sheet number of the previous DA Form 759-1 at the top of this column. Then enter the totals from column m of the previous DA Form 759-1 for the same aircraft mission, type, design, and series or flight simulator and, if applicable, the seat designation.
Column m	Add columns k and l across on lines 6 through 12, and enter the new totals in the corresponding lines of column m (in hours and tenths of hours). Add hours in column m together and place this total in the block on line 15, column m .
Block 13	Total the hours downward in columns a through j . Enter the totals in hours and tenths of hours, in the corresponding column on line 13.
Block 14	Enter the same sheet number at the beginning of this line as that entered at the top of column l . Enter the totals from line 15 of the previous DA Form 759-1 to the corresponding columns on this line.
Block 15	Add lines 13 and 14 downward, and enter the totals in hours and tenths of hours, in the corresponding blocks on this line.
Block 16, columns a through j	From the corresponding consolidated DA Form 759-2, total the mission symbols containing combat hours for all like entries according to flying duty symbols. Enter these totals in the corresponding columns on line 16.
Line 17, columns a through j	From the corresponding consolidated DA Form 759-2, total the mission symbols containing imminent danger hours for all like entries according to flying duty symbols. Enter these totals in the corresponding columns on line 17.
Lines 16 and 17, column k	Add across columns a through j and enter the total in the corresponding block in lines 16 and 17, column k .
Lines 16 and 17, column l	From the previous Department of the Army Form 759-1, enter the totals from lines 16 and 17, column m into the corresponding block in lines 16 and 17, column l .
Lines 16 and 17, column m	Add the totals across in columns k and l and enter the totals into the corresponding block in lines 16 and 17, column m .
<p>Note.</p> <ol style="list-style-type: none"> 1. Night vision time is no longer tracked and has been deleted from DA Form 759-1. 2. Day system, tracked separately on DA Form 759-1, is combined with night system hours on the DA Form 759. 3. Terrain time is no longer tracked as a flight condition according to AR 95-1. 	

Instructions for Department of the Army Form 759-1 (*crewmember/non-crewmember*)

<i>Item</i>	<i>Instructions</i>
Block 2 through 4	Enter the appropriate information from blocks 1 through 5 of DA Form 759-3, consolidated worksheet.
Block 5	Enter the aircraft mission, type, design, and series.
Blocks 6 through 12, columns a through j	From the corresponding consolidated DA Form 759-3, total the hours for all like entries according to flying duty and flight condition symbols. Enter the totals in hours and tenths of hours on the appropriate line in the correct column.
Column k	Total the hours across lines 6 through 12 for each flight condition, and enter the totals in hours and tenths of hours in the corresponding lines of column k . Add hours in column k downward, and place this total in the block on line 13, column k .
Column l	Enter the sheet number of the previous DA Form 759-1 at the top of this column. Then enter the totals in hours and tenths of hours from column m of the previous DA Form 759-1 for the same aircraft mission, type, design, and series or flight simulator.
Column m	Add columns k and l across on lines 6 through 12, and enter the new totals in the corresponding lines of column m (in hours and tenths of hours). Add hours in column m together and place this total in the block on line 15, column m .
Line 13	Total the hours downward in columns a through j . Enter the totals in hours and tenths of hours in the corresponding column on line 13.
Line 14	Enter the sheet number (same as that entered at the top of column l) at the beginning of this line. Enter the totals (in hours and tenths of hours) from line 15 of the previous DA Form 759-1 to the corresponding columns of this line.
Line 15	Add lines 13 and 14 downward, and enter the totals (in hours and tenths of hours) in the corresponding blocks on this line.
Line 16, columns a through j	From the corresponding consolidated DA Form 759-3, total the mission symbols containing combat hours for all like entries according to flying duty symbols. Enter these totals (in hours and tenths of hours) in the corresponding columns on line 16.
Line 17, columns a through j	From the corresponding consolidated DA Form 759-3, total the mission symbols containing imminent danger hours for all like entries according to flying duty symbols. Enter these totals (in hours and tenths of hours) in the corresponding columns on line 17.
Lines 16 and 17, column k	Add across columns a through j and enter the total (in hours and tenths of hours) in the corresponding block in lines 19 and 20, column k .
Lines 16 and 17, column l	From the previous DA Form 759-1, enter the totals (in hours and tenths of hours) from lines 16 and 17, column m into the corresponding block in lines 16 and 17, column l .
Lines 16 and 17, column m	Add the totals across in columns k and l and enter the totals (in hours and tenths of hours) into the corresponding block in lines 16 and 17, column m .
